Who are these guys ?

We are primarily a social group who love to ride and hang with motorcyclists / bikers. Because we're family oriented and keep it rated PG. No cursing and little drinking, especially if you're driving.

We really don't care what type of scooter you drive as long as you enjoy it and do it safely.

## HOW:

Attend at least one of our monthly meetings and answer the Four Dreaded Riff-Raff Questions... Go on ask one of us. If your answer is correct we'll welcome you, hell we'll welcome you anyway...

Wear the colors and emblems of the Riff Raff Riders proudly and often, and help grow this club.

We are also affiliated with AGWA giving us a long reach across the U.S.A. Plus we get discounts right here at Scott Powersports.
